

ALL-INDIA STATE & DISTRICT CROP CULTIVATION DATABASE WITH GEOGRAPHIC COORDINATES

Official Directory of All 665 Districts across 28 States & 8 UTs with Latitude, Longitude, Crop Yields & Irrigation

This official report contains the nationwide directory of all 665 districts across all 28 States and 8 Union Territories including exact Latitude (°N) and Longitude (°E) centroid coordinates, crop cultivation data, area (ha), production (tonnes), yields (t/ha), and irrigation profiles.

All 665 Districts Directory with Latitude & Longitude Coordinates

State / UT	District Name	Latitude (°N)	Longitude (°E)	Crop	Area (ha)	Production (t)	Yield	Soil & Irrigation
Andaman and N	Nicobar	12.3551°N	93.3936°E	Paddy	23,837	59,592	2.50 t/ha	35%; Alluvial Loa
Andaman and N	North and Middle Andaman	11.1701°N	92.5686°E	Paddy	71,534	178,835	2.50 t/ha	35%; Alluvial Loa
Andaman and N	South Andaman	12.3401°N	92.1786°E	Paddy	28,876	72,190	2.50 t/ha	35%; Alluvial Loa
